

Region 24 800 MHz Regional Planning Committee
Stephen Devine, Chairperson

February 20, 2012

Mr. David J. Barney
St Louis County Emergency Communications Commission
7900 Forsyth Boulevard, Room B-144
Clayton, Missouri 63105

Dear Mr. Barney

This letter serves as regional approval from the Region 24 800 MHz Regional Planning Committee for the attached license applications as submitted to the Region 24 800 MHz Regional Planning Committee by the St Louis County Emergency Communications Commission. The applications consist of five (5) FCC 601 forms outlining a system design with 25 fixed sites along with accompanying documentation. The St Louis County Emergency Communications Commission has requested these applications be submitted to the Association of Public Safety Communications Officials, Inc. Automated Frequency Coordination (APCO-AFC) for 800 MHz coordination and submission to the FCC.

As the applicant, APCO will need a contact for coordination should any questions arise regarding the application and billing purposes. Your contact information is provided below:

Mr. David J. Barney
St Louis County Emergency Communications Commission
7900 Forsyth Boulevard, Room B 144
Clayton, Missouri 63105
dbarney@stlouisco.com
314-615-2562

Let me know should you have any additional questions regarding these applications.

Regards,

Stephen Devine, Chairperson
Region 24 800 MHz Regional Planning Committee
